

Alumnis Community - Inspiring Stories

We are Combe Martin Primary School

Reception enjoyed their first school trip to Rosemoor gardens. KS1 explored Barnstaple museum and LKS2 travelled to the RAMM in Exeter as part of their history topics.

We look after our local environment through regular beach cleans as volunteers. Our Tiddlers nursery took part in our rockpool ramble to raise money for Children in need.

Our KS2 children have explored the sights and sounds of our capital city as inspiring adventurers.

Our inspiring musicians creatively entertained the school in their very own concert!

KS1 enjoyed design and technology project, learning how to sew for the first time. They demonstrated great patience and determination with their final outcomes.

Alumnis Community - Inspiring Stories

We are Combe Martin Primary School

Children at Combe Martin practiced and courageously performed a musical for their community.

KS1 have been Inspiring Storytellers, entertaining the class with their actions and wonderful expression!

Combe Martin have been busy with many fundraising events this year. Many of which have been designed and organised by the children and have inspired many others to support and raise money for excellent causes.

Our children have been developing their digital innovation, using their research skills and developing technical elements using their chromebooks.
